STATE OF NEBRASKA,

v.

CAREY DEAN MOORE,

Appellant.

Case No. 95-485

MEMORANDUM BRIEF IN
SUPPORT OF MOTION FOR
EXECUTION WARRANT

Statement of Facts

Moore's Death Sentences

The appellant Carey Dean Moore's two death sentences are final after having been affirmed by this Court in *State v. Moore*, 250 Neb. 805, 553 N.W.2d 120, as modified on denial of reh'g (Nov. 22, 1996), cert.den., 520 U.S. 1176 (1997). Previous execution warrants issued by this Court have either expired or been withdrawn.

This Court last withdrew an execution warrant by an order entered on May 25, 2011, for the reason that Moore had filed a state postconviction action in the District Court of Douglas County on May 17, 2011. The Douglas County District Court later denied postconviction relief by an order dated December 21, 2011, which became a final judgment on February 2, 2012, when the district court denied Moore's motion to alter or amend in Douglas County District Court case # CR10-9004040, Doc. 106 Page 55. Moore did not file an appeal from the district court's denial of postconviction relief and there is no pending proceeding in the district court under the Nebraska Postconviction Act.

No Federal Court Stays

There are no stays of execution in effect by any federal court concerning the enforcement of Moore's death sentences. See, attached Statement of the Nebraska Attorney General in accordance with *State v. Palmer*, 246 Neb. 305, 308, 518 N.W.2d 899 (1994).

Constitutional Method of Carrying Out Death Sentences

Because capital punishment is constitutional, there must be a constitutional means of carrying it out. *Glossip v. Gross*, 135 S. Ct. 2726 (2015). The State of Nebraska has a constitutionally acceptable method of carrying out Moore's death sentences by lethal injection, which method is both available and can be carried out by the Director of the Nebraska Department of Correctional Services in accordance with the Department's Execution Protocol upon the issuance of an execution warrant. See, Neb. Rev. Stat. §§ 83-964 to 83-972 (Supp. 2017); 69 Neb. Admin. Code, ch. 11 (Execution Protocol, effective Jan. 31, 2017); Statement of the Nebraska Attorney General.

Argument

Neb. Rev. Stat. § 29-2543 imposes a duty on the Supreme Court to issue execution warrants as follows:

(1) Whenever any person has been tried and convicted before any district court in this state, has been sentenced to death, and has had his or her sentence of death affirmed by the Supreme Court on mandatory direct review, it shall be the duty of the Supreme Court to issue a warrant, under the seal of the

court, reciting therein the conviction and sentence and establishing a date for the enforcement of the sentence directed to the Director of Correctional Services, commanding him or her to proceed at the time named in the warrant. The date of execution shall be set no later than sixty days following the issuance of the warrant.

(2) Thereafter, if the initial execution date has been stayed and the original execution date has expired, the Supreme Court shall establish a new date for enforcement of the sentence upon receipt of notice from the Attorney General that the stay of execution is no longer in effect and issue its warrant to the director. The date of execution shall be set no later than sixty days following the issuance of the warrant.

The State of Nebraska alleges by the above Statement of Facts and by its Argument that Nebraska's lethal injection statutes and its Execution Protocol adopted by the Nebraska Department of Correctional Services ("Department") and filed with the Secretary State provide a constitutionally acceptable method of carrying out Moore's death sentences. See, *State v. Ellis*, 281 Neb. 571, 592-593, 799 N.W.2d 267, 289-90 (2011) (Rejecting constitutional challenges to Nebraska's statutory method of executions). The State has satisfied its pleading burden for an execution warrant and is not required to present evidentiary proof in the Nebraska Supreme Court. See, order entered by this Court in this case on April 21, 2011, p2.

The Statement of the Nebraska Attorney General satisfies the "no federal stay" assurance requirements of *State v. Palmer, supra*. Additionally, the Statement of the

Nebraska Attorney General informs this Court that the State of Nebraska has satisfied the procedural requirements of the Execution Protocol. This includes, but is not limited to, the Department having possession of the substances to be employed in the execution by lethal injection, which substances have been chemically analyzed and verified at least 60 days prior to requesting an execution warrant, and the Department having given the required 60 days advance notice to Moore of the substances to be employed in the execution prior to requesting an execution warrant from this Court.

Conclusion

The appellee State of Nebraska requests that this Court sustain the State's Motion for Execution Warrant for enforcement of Carey Dean Moore's death sentences pursuant to Neb. Rev. Stat. § 29-2543 (Supp. 2017).

STATEMENT OF NEBRASKA
ATTORNEY GENERAL

CAREY DEAN MOORE,

Appellant.

State of Nebraska)
) ss.
County of Lancaster)

Douglas J. Peterson, Attorney General of the State of Nebraska, submits the following sworn statement based on his information and belief:

1. The appellant Moore's federal litigation history concerning his death penalty sentences includes the following:

- *Moore v. Nebraska*, 520 U.S. 1176 (1997) (denial of certiorari from this Court's death sentence affirmance in *State v. Moore*, 250 Neb. 805, as modified on denial of reh'g (Nov. 22, 1996)).
- *Moore v. Kinney*, 119 F.Supp.2d 1022 (2000) (habeas corpus relief denied).
- *Moore v. Kinney*, 320 F.3d 767 (8th Cir. 2003) (en banc opinion voided prior panel opinion and affirmed the district court's denial of federal habeas relief).
- *Moore v. Kinney*, 539 U.S. 930 (2003) (denied petition for writ of certiorari from 8th Circuit's above opinion in 320 F.3d 767).

- *Moore v. Nebraska*, 549 U.S. 1171(2007) (denied petition for writ of certiorari denied seeking review of *State v. Moore*, 272 Neb. 71 (2007 - affirmed denial of Moore's 2nd postconviction proceeding).

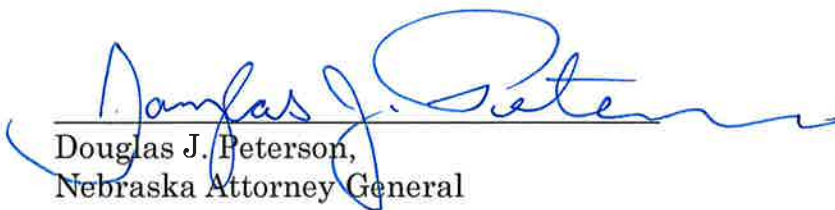

2. There are no stays of execution in effect by any federal court concerning the enforcement of Moore's death sentences. See, attached letters from Clerks of Court for the United States Supreme Court, Eighth Circuit Court of Appeals, and United States District Court for the District of Nebraska. No cases are pending in those courts to seek a stay.

3. Also attached are:

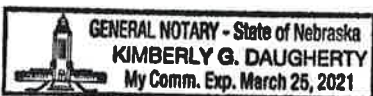

- Nebraska Secretary of State's certified copy of 69 Neb. Admin. Code, ch. 11 (Execution Protocol for Department of Correctional Services, effective Jan. 31, 2017).
- Notice of the substances to be employed in lethal injection that was hand delivered to Moore on January 19, 2018, by the Director of the Nebraska Department of Correctional Services. The notice contains the substances and quantity to be employed in the execution of Moore and was delivered at least 60 days prior to the Attorney General requesting an execution warrant, all in compliance with 69 Neb. Admin, Code, ch. 11, § 008.

4. The Department has possession of the substances, which have been chemically analyzed and verified as also required by 69 Neb. Admin. Code, ch. 11, § 008.05 at least 60 days prior to requesting an execution warrant from this Court.

5. The Director's determination of the substances and quantities to be used, as stated in the attached January 19, 2018, notice of substances, was based upon the Director's reliance on the expert opinions of qualified pharmacological and medical anesthesiology experts after also obtaining legal advice from Nebraska Assistant Attorneys General.
