## **Nebraska Attorney General's Office Announces Settlements with Lannett and Bausch Totaling \$17.85 Million Over Conspiracies to Inflate Prices and Limit Competition**

Lincoln –The Nebraska Attorney General's Office joined a coalition of 48 states and territories announcing two settlements with Lannett Company, Inc. ("Lannett") and Bausch Health US, LLC and Bausch Health Americas, Inc. ("Bausch"), totaling \$17.85 million to resolve allegations that both companies engaged in widespread, long-running conspiracies to artificially inflate and manipulate prices, reduce competition, and unreasonably restrain trade with regard to numerous generic prescription drugs.

As part of their settlement agreements, both companies have agreed to cooperate in the ongoing multistate litigations led by Connecticut against 30 corporate defendants and 25 individual executives. Both companies have further agreed to a series of internal reforms to ensure fair competition and compliance with antitrust laws.

The Lannett and Bausch settlements follow prior settlements with Apotex and Heritage, which totaled \$49.1 million.

These settlements come as the States prepare for the first trial to be held in Hartford, Connecticut, and are anticipated to be scheduled in late 2026.

If you purchased a generic prescription drug manufactured by either Lannett or Bausch between May 2009 and December 2019, you may be eligible for compensation.
